

An Invitation to help you write (& place) more small employer group health insurance!

Just complete and FAX to The Brodsky Agency us the following simple form (or your own) for an incredibly quick quote.

Since 1977, The Brodsky Agency has been the Midwest's leader in small employer group (and individual medical) brokerage. Some of the reasons are:

- Prompt quote service – great rates and plans
- Top Carriers like, Trustmark, UniCare, Avemco and Fortis (and more!) all in one place
- Underwriting Prequalification
- Direct Contracts with the carriers ... unlike others we never share in your commission.
- All the best ancillary products like regular and voluntary, life, dental, disability and vision

Many brokers know us only for small employer group, individual medical and low cost individual term life insurance. But we're also your best source for individual and group, short and long term disability, senior medical products, universal life, long term care and annuities.

Thank you for the courtesy of reading this letter and all of us at The Brodsky Agency look forward to working with you.

Sincerely,

Lawrence S. Brodsky
